

PROMISING OUTLOOK

Late news from the Ophir mine is of a reassuring character, for not only has a great area of ore produced territory been opened on the vein, but there are strong indications that the so-called "lost" high grade at the noted Ryan stope has been picked up further to the north. Late sampling points in this direction, but additional development is necessary to fully prove up the new find. Throughout the entire mine conditions are daily improving.—Chronicle

\$62,000 FROM COMSTOCK

Yesterday four bars of bullion were shipped from the Mexican mill to the Carson mill, having a value of approximately \$10,000. This shipment with those of the past two weeks, brings the total bullion sent out from the Mexican mill for the month's run to about \$62,000. This is a splendid month's output, and reflects the improving ore conditions in the Ophir and Con Virginia mines.—Chronicle

MINE WRECKED BY EXPLOSION

(By Associated Press) WILKESBARRE, Pa., May 3.—A terrible explosion of gas in the No. 10 longwall mine killed a number of miners this morning. Scores were caught behind the blast and fire followed the explosion. Three bodies have been reached.

41 LANGUAGES AID FIFTH LOAN DRIVE

Pamphlets, notices, advertising and newspaper copy will be printed in 41 languages during the Victory Loan drive so that the stimulus may be carried among people of foreign birth. All organizations with a foreign birth membership will be sent form letters and special appeals will be written by racial group leaders for publication in foreign language newspapers.

CHICAGO DAILIES HIT AT LOAN SWINDLERS

Chicago newspapers have made an agreement not to accept advertising of financial institutions being to trade "red" securities for Liberty bonds and have accepted a guarantee to educate the public against this swindle, through which it is estimated the public has been cheated out of more than \$500,000,000 a year.

PURE GOLD BRICK IS FOUND IN WHITE CAPS

It is either a feast or a famine so far as the supply of man power with a mine situated some distance from a railroad is concerned. Instead of men rustling at the White Caps this week there was a shortage which caused development work to be cut down to less than the usual amount. Both the six to five and five to four stopes were fully milled and the mill, which also had plenty of help, were full handed and the supply of ore was adequate at all times.
